

Jinotega, February 14th 2014

Dear Sir/Madam at Cup for Education:

It is a pleasure to greet you again and to let you know that I am very happy to have made it to this year in which I will complete my final year of study for the Technical Bachillerato at La Bastilla.

In the past years I have learnt many things which will be of great use to me, both out in the field and in the area of Food Technology. I would like to thank you for your support because it has enabled me to continue studying.

If God is willing, when I graduate I would like to study for a degree in Technical Agronomy and Animal Husbandry and to look for a job which will help my family.

I hope that I will be able to share my Graduation Day with you.

Thankyou

Juana Rosa

# Progress Report February 2014
